Supp. Mem. #2

Dear Dr. Evans:

Inclosed you will find a Memorandum Report on the Psychological Analysis of Reports of Unidentified Aerial Objects, which was prepared by one of our psychologists at the Aero Medical Laboratory at Wright Field. As you will note, this report is almost a year old and was originally classified "confidential". However, the classification has recently been changed to "restricted", therefore, this report is for your information only.

I have also received information that a new report is in the process of being published and will be classified "top secret". I regret to say that I do not know what this latest report contains, however, I will attempt to get a copy as soon as it is published.

It has recently been rumored that one of these so-called flying saucers crashed in Mexico; however, the details are somewhat bizarre at this moment. When you have finished with the inclosed report, will you please return it to this office.

With best regards,

Sincerely,

ROBERT H. BLOUNT
